RWANDA ALLIED HEALTH PROFESSIONS COUNCIL

(Law N°46/2012 OF 14/01/2013)

Communiqué:

Temporary Suspension of Licensing During System Transition

To All Registrants Currently Requesting Registration and Licensing

We wish to inform all the Allied Health Professionals, particularly registrants who are currently requesting registration and licensing and those who have applied but are still pending for various reasons that our licensing system is transitioning to a new system (**INGENZI)**.

During the transition period, from **12th August 2026** to **16th August 2026**, no licenses will be issued, whether from the current system or the new system. This period is required to safely migrate data and finalize preparations for the new platform. Normal licensing operations will resume on **Monday, 17th August 2026**, exclusively through the new system.

Starting 17th August 2026, all licensing applications and services will be processed through the new system, accessible at:

https://ingenzi.moh.gov.rw/auth/login

We kindly ask registrants with pending applications to remain patient during this period, and to resubmit their applications once the new system becomes operational.

We apologize for any inconvenience this transition may cause and thank you for your understanding as we work to improve our licensing services.
